

Flood Insurance Notice

In connection with your purchase of this property, your lender may require you to purchase flood insurance, at your own expense, for the entire loan term. Even if you are not required to purchase flood insurance, it may be wise to do so.

With a few exceptions, the National Flood Insurance Program (NFIP) makes flood insurance available to homeowners, renters, and businesses in communities that participate in the NFIP. Flood insurance is also available from private insurers.

Currently some NFIP policies receive taxpayer rate subsidies. Due to changes in federal law governing the NFIP, subsidized rates will be eliminated over time; and in some cases, the cost of flood insurance may rise by a substantial amount. Therefore, you should not rely on the current rate that is paid by the owner of this property as an indication of the rate that will be charged to you after you complete your purchase or in the future.

When evaluating this property for purchase, you should consult with one or more flood insurance carriers to learn the flood risk for this property, investigate the availability of flood insurance, and determine the current and future anticipated cost of flood insurance.
